

# **IF GOD?**

## **SECTION SUMMARY – IF GOD?**

**SUMMARY:** There are only 2 choices, there is a supernatural force (a god) or there is not a supernatural force (atheist evolution). Our mere existence proves a supernatural event happened. Why and other proofs offered functionally proves that a supernatural force or some form of a “god” existed and therefore disproves atheistic evolution is possible.

### **OBJECTIVE**

This first section of THE ARRAY covers the first heading of “IF GOD” to begin the sequence of study of If God, Which God, Which Group, and additional Topical Studies. This section presumes that you have seen the Wings of Eagles videos which have a lesson of the same title.

This section of IF GOD starts with the presumption that there are only two choices, there is a god or there is not a god. The “god” choice at this point is simply a supernatural force, whatever it might be. The “there is not a god” choice is equated to “atheistic evolution” as atheistic means no god and our being here as complex beings without a god would be explained by evolution of the species.

There are some scientific proofs that a god exist, but those are left to the next section “WHICH GOD?” under proof that Jehovah is the god.

This section primarily focuses on the impossibility of atheistic evolution, which when disproven gives a god as the only other choice.

### **PROOFS OFFERED THERE HAS TO BE A “GOD”**

1. **FIRST LAW OF THERMODYNAMICS:** This law of science says something cannot come from nothing. The simple fact that we exist proves a supernatural event happened. (Case closed by this point alone!)
2. **SECOND LAW OF THERMODYNAMICS:** If someone suggests that matter was not created but always existed, the second law of thermodynamics says all systems run down. If the universe has existed for an eternity, it would by definition be run down and burned out. The simple fact that things are still hot disproves this concept.

### **PROOFS OFFERED DISPROVING THE ALTERNATIVE**

1. Our standing offer for more than 20 years of \$100.00 to the first person who can give a single reason why atheistic evolution is a better explanation for the universe and/or life than creation by God; the Father of Adam, Abraham, and Jesus; as revealed in the Bible. It has been presented to numerous atheists, and we still have our \$100.
2. Our standing offer for more than 20 years of \$100.00 if we cannot show 12 reasons why atheistic evolution is impossible. We still have our \$100.

# ***IF GOD?***

## **SECTION SUMMARY – IF GOD?**

---

3. The IMPOSSIBLE FOR EVOLUTION book which follows which lists more than 70 things which are impossible for atheistic evolution to do. The monthly Impossible for Evolution article in the Christian Array E-Magazine presently has over 100 examples. A sample of the impossible things discussed are:
  - A. Chicken eggs
  - B. DNA
  - C. The massive computer type DNA programming of the simplest cell.
  - D. When all the chemical and DNA programming complexity of your cells is accomplished, they are still dead. Some extra miracle happens which scientist cannot explain to make the “alive”.
  - E. When your cells are alive, another miracle happens which is thinking. Scientist have no idea what that means or have no idea how to do it, but will tell you it is an accident of evolution. God knows how it happens.

### **ADDITIONAL SUPPORTING INFORMATION**

Several other supporting lessons are included which reinforce the conclusions in this section.

### **ALERT**

Atheistic evolutionists are frequently happy to debate missing links and/or and the length of creation days. To debate a missing link presumes they are right on both sides of the missing link, so they effectively win. They have measurable reasonable scientific data which indicates that the days of creation were not 24 hours. It is the one topic they can actually win if we give them that opportunity by codifying a 24-hour personal interpretation of Genesis 1.

This section, the Christian Array E-Magazines, and the Impossible for Evolution book are in a state of constant additions, updating, editing, and revisions. Your help on this will be appreciated at any time.

We also provide in person lessons on this subject for your worship services and/or youth events. If you are interested, contact us at [info@occginstitute.org](mailto:info@occginstitute.org).
